EL #9: ENDS FOCUS OF GRANTS OR CONTRACTS

Any grant or contract arrangements the Executive Team enters must emphasize achieving the Ends and avoiding unacceptable means.

Accordingly, the Executive Team shall:

1. Prohibit grant funds from being used in imprudent, unlawful, or unethical ways.
2. Assess and consider an applicant's capacity to produce appropriately targeted, efficient results.

C. GOVERNANCE PROCESS

GLOBAL GOVERNANCE COMMITMENT

The Board of Trustees (the "Board") of the First Unitarian Church of Wilmington (the "Church") will act on behalf of the Church's membership to promote the accomplishment of the church's mission and prevent unacceptable activities and conditions within the Church.

GP #1: GOVERNING STYLE

The Board's focus shall be on the long-term mission and well being of the Congregation, not on administrative detail. It shall respect the distinction between Board governance and ministry¹, future rather than past, and proactivity rather than reactivity.

In this spirit, the Board will:

- a. Discern the Congregation's mission and ends/vision through two-way communication with members of the congregation.
- b. Establish and maintain communication with members of the congregation on the mission, ends/vision, strategic plan, policies, annual priorities and overall health of the church.
- c. Enforce upon itself the specific discipline needed to govern with excellence. Discipline will apply to policy-making principles, respect for defined roles, and to attendance. After subjects have been discussed and voted upon, both majority and minority will support the action taken and speak with one voice.
- d. Be accountable to the congregation and other stakeholders for competent, conscientious and effective accomplishment of its obligations as a body. It will allow no officer, individual or committee of the Board to usurp this role or hinder this discipline.

¹ Definition: Ministry is the work of the Church, and consists of continually choosing means and methods, allocating resources, hiring staff, recruiting volunteers, and giving them leadership and support that will enable them to serve the mission of the Church effectively. Ministry is best accomplished through empowered ministry teams of people who share a sense of calling to particular forms of service. The Minister, as the elected spiritual leader and designated Ministry Team Leader, is responsible for directing the Church's ministry in accordance with Board policies.

- e. Monitor and regularly discuss the Board's own process and performance.
- f. Ensure the continuity of Board processes through a systematic transfer of knowledge to new board members.
- g. No Board member, except the President, will speak on behalf of the Board with the public, press, or other non-church entities.

GP #2: BOARD JOB DESCRIPTION

The job of the Board is to represent the members of First Unitarian Church of Wilmington in determining and requiring appropriate organizational performance.

Accordingly, the Board has the responsibility to:

1. Engage in continuous strategic planning practices to discern, develop, and communicate strategic direction and define initiatives to help the Congregation live its mission and achieve its vision.
2. Create and communicate the Church's Annual Vision of Ministry².
3. Be an initiator of policy, not merely a reactor to staff initiatives, and actively solicit Congregational input on policy. Write governing policies which, at the broadest levels, address:
 - a. *Ends*: Organizational products, impacts, benefits, outcomes, recipients, and their relative worth (what good for which recipients at what cost).
 - b. *Executive Team Limitations*: Constraints on executive authority that establish the prudent and ethical boundaries within which all executive activity and decisions must take place.
 - c. *Governance Process*: Specification of how the Board conceives, carries out and monitors its own tasks.
 - d. *Board-Executive Team Linkage*: Delegation of power and monitoring of its proper use; and the Executive Team's role, authority, and accountability.
4. Assure Executive Team performance (as individual members and as a team) against policies 4a and 4b.
5. Assure Board performance against policies 4c and 4d.
6. The Board shall be responsible for an annual performance review of the Senior Minister; while the Senior Minister, together with the Executive Team, shall be responsible for an annual performance review process for church staff.
7. Act as faithful stewards of the resources of the First Unitarian Society of Wilmington, including management of the long-term investments and capital funds as described in GP#9.
8. Review the First Unitarian Society of Wilmington By-Laws and propose revisions as

² Definition: The Annual Vision of Ministry consists of a listing of priorities, developed through a continuous strategic planning process that provides direction for the Executive Team, staff, and volunteers to move the church towards achievement of its values, mission, and ends. The Annual Vision of Ministry is the Board's short list of priorities to be accomplished in the forthcoming one to three years. It is the short-term product of the Board's strategic planning process. The Ministry Team (Executive Team, staff and volunteers) then translates the Board's Vision of Ministry into goals and objectives for the coming year.

appropriate to the congregation for approval.

9. Appoint and empower Board committees.

GP #3: BOARD PRESIDENT'S ROLE

The President assures the integrity of the Board's process and represents the Board to outside parties.

Accordingly,

1. The President's responsibility is to ensure that the Board consistently adheres to its own rules and those legitimately imposed upon it from outside the organization.
 - a. Meeting discussion content will only be those issues that, according to Board policy, clearly belong to the Board to decide, not the Executive Team members.
 - b. Deliberation will be timely, fair, orderly, thorough and efficient.
2. The authority of the President consists of making any decision on behalf of the Board that falls within or is consistent with Board policies on Governance Process and on the Board-Executive Team Relationship. The President is authorized to use any reasonable interpretation of the provisions in these policies.
 - a. The President is empowered to chair Board meetings with all the commonly accepted power of that position (e.g. ruling, recognizing).
 - b. Presidential authority does not extend to making decisions within *Ends and Executive Team Limitations* policy areas. Therefore, the President has no authority to supervise or direct the Executive Team.
 - c. The President may represent the Board to outside parties in announcing Board-stated positions and in stating chair decisions and interpretations within the area delegated to her or him.
 - d. The President may delegate this authority but remains accountable for its use.

GP #4: TRUSTEES' CODE OF CONDUCT

The Board commits itself and its members to ethical, businesslike, and lawful conduct, including proper use of authority and demonstration of appropriate decorum when acting as Board members.

Accordingly,

1. The trustees are fiduciaries for the congregation and as such must:
 - a. Always act in the best interest of the congregation as a whole.
 - b. Be faithful to the church's mission and proactively support its major programs. He or she cannot act in a way that is inconsistent with the church's goals.
 - c. Exercise reasonable care in making decisions.
 - d. Never use information gained through his or her position for personal gain.

2. Trustees must avoid conflict of interest.
 - a. There will be no self-dealing or business by a Board member and the organization.
 - b. When the Board is to decide upon an issue, about which a Board member has an unavoidable conflict of interest, that member shall absent herself or himself without comment from not only the vote, but also from the deliberation.
 - c. Trustees may not obtain employment in this organization for themselves, family, or close associates. To apply for employment, a Board member must first resign from the congregation.
 - d. Trustees will annually disclose to the board their involvement with other organizations, with vendors, or any associations, which might produce a conflict.
3. Trustees may not attempt to exercise individual authority over the organization except as explicitly set forth in Board policies.
 - a. Trustee's interaction with the Executive Team or with staff must recognize the lack of authority vested in individuals except when explicitly Board authorized.
 - b. Trustee's interaction with public, press or other entities must recognize the same limitation and the prohibition of any Board member to speak for the Board except to repeat explicitly stated Board decisions.
 - c. Trustees may advise or serve Executive Team teams at the pleasure of the Executive Team as long as such service does not conflict or appear to conflict with any Board or Executive Team policies or Board oversight responsibilities.
4. Trustees will respect the confidentiality appropriate to issues of a sensitive nature.
5. Trustees will attend Board meetings and be properly prepared for Board deliberation.
6. Trustees will honor and respect the covenant they establish each year, which outlines how they will be together in relationship.

GP #5: BOARD COMMITTEE PRINCIPLES

The Board may establish committees to help carry out its responsibilities. Committees will be used sparingly to preserve the Board functioning as a whole and will never interfere with delegation from Board to Executive Team.

Accordingly,

1. All Board committees will assist the board by preparing governance policy alternatives for board deliberation and assisting with other specific board responsibilities.
2. In keeping with the board's broader focus, board committees will normally not have dealings with church staff operations, nor should they exercise authority over staff.
3. Board committees may not speak or act for the board except when formally given such authority for specific and time-limited purposes.
4. Committees will be used sparingly. Clear expectations and authority of board

committees will be outlined when they are convened, and will include a timeline expectation and policy for disbanding (e.g., once recommendations are complete and processed by the Board).

5. A board committee that has helped the board create policy on some topic will not be used to monitor organizational performance on that same topic.
6. This policy applies to any group that is formed by board action, whether or not it is called a committee and regardless of whether the group includes board members.
7. The Board shall establish Committees as follows:
 - a. A standing Governance Committee that is responsible for enabling the Board to continually strive for and achieve greater clarity, efficiency, and productivity in its work and policies. Its duties include maintaining accurate job descriptions for the Board, leading an annual training session for all trustees, facilitating an annual review of the Board covenant, organizing the Board's annual evaluation of itself, and other appropriate process monitoring and improvement initiatives.
 - b. A standing Investment Committee as outlined in GP #9.
 - c. A standing Strategic Planning Committee that is responsible for continuously updating and monitoring the Congregation's strategic plan³. The strategic plan will guide actions of all Church leadership.

GP #6: COST OF GOVERNANCE

The Board will invest in its governance capacity.

Accordingly, Board skills, methods, and supports will be sufficient to assure governing with excellence.

- a. Training and retraining will be used liberally to orient new board members, as well as to maintain and increase existing Board members' skills and understandings.
 - b. Outside monitoring assistance will be arranged so that the Board can exercise confident control over organizational performance. This includes, but is not limited to, fiscal audit.
 - c. Outreach mechanisms will be used as needed to ensure the Board's ability to listen to congregants' viewpoints and values.
2. Costs will be prudently incurred, though not at the expense of endangering the development and maintenance of superior capability for:
 - a. Training, including attendance at conferences and workshops.
 - b. Audit and other third-party monitoring of organizational performance.
 - c. Surveys, focus groups, opinion analyses, and meeting costs.

GP #7: MONITORING BOARD PERFORMANCE

³ Definition of Strategic Plan: the strategic plan contains the Church's longest-range plans. It answers the question, "What major choices have we made about how we will fulfill our mission?"

The Board will monitor its own performance systemically, relative to its Governance Process (GPs) and Board-Executive Linkage policies (BETLs), by reviewing each of them annually (see following table).

GP #8: TREASURER'S ROLE

The role of the Treasurer is to advise the Board on the status of all church funds and to prepare the church financial statements.

Accordingly:

1. The Treasurer shall:
 - (a) Report financial actual results versus budget to the Board and Executive Team monthly.
 - (b) Advise the Board monthly on current and forecasted financials including risk
 - (c) Provide candid assessments independent of the Executive Team.
2. The Treasurer will serve as an ex officio member of the Investment Committee of the Board, which will report to the Board quarterly on the status of the church's long-term investments and capital funds.
3. The Treasurer will advise the congregation at the Annual Meeting on the current and forecasted financial health based on the proposed Annual Budget proposal.
4. The Treasurer will audit the accuracy of the financial data maintained by the Executive Team.
5. The Treasurer will arrange for periodic audits by internal and external auditors and review their results.
6. The Treasurer will advise the Board on financial policies. As deemed necessary by the Board, the Treasurer will serve on ad hoc Board Committees to review and recommend changes to policies.
7. The Treasurer may offer his or her perspectives on church finances to the Executive

Team in a non-binding manner.

GP#9: INVESTMENT POLICY

First Unitarian Church is a religious association incorporated in the State of Delaware. In the course of its activities, the Church receives gifts, trusts, and endowments that require investment management. These funds, managed on behalf of the church, are an important source of income and future capital for the church. Successful management of these funds is vital to the current and future success of the Church.

1. Responsibility and Authority

- a. The Board of Trustees has overall accountability/responsibility for long-term investment policy.
- b. The Board may appoint an Investment Committee (IC) to advise the Board on investment policy. The chair of this committee must be a current board member. The IC shall consist of three to five members of the congregation who must all be current church members. The treasurer of the Church is an ex officio member of the IC.

2. Investment Committee

- a. The IC advises the Board on investment policy; and reports twice per year on investment performance vs. established measures. The chair of the IC is responsible for communicating and interpreting reports and recommendations to the board.
- b. The IC shall take and retain minutes of their meetings, noting attendance and decisions. The minutes will be shared with all IC members and with the Board President.
- c. Investment Committee Members shall disclose to the Board any conflict of interest-actual, potential or perceived-that arises in the performance of their duties.
- d. A policy written for each investment fund (Heritage Fund, Capital Campaign Building Fund, etc.) shall include:
 - i. Target asset allocation
 - ii. Target return objective
 - iii. Recommended spending rate (if applicable)
 - iv. Recommendation(s) for professional management
 - v. Procedure for evaluating performance of professional manager
 - vi. Cost of management
- e. The IC should consider socially responsible investing practices, such as those used by the UU Common Endowment Fund as part of investment policy decisions.

D. BOARD- EXECUTIVE TEAM LINKAGE

GLOBAL GOVERNANCE – MANAGEMENT CONNECTION

The Board's sole official connection to operational organization, its achievement and conduct will be through the Executive Team.

BETL #1: UNITY OF CONTROL

Only officially passed motions of the Board are binding on the Executive Team.

Accordingly:

- a. Decisions or instructions of individual Board members, officers, or committees are not binding on the Executive Team except in rare instances when the Board has specifically authorized such exercise of authority.
- b. The Executive Team may refuse requests for information or assistance from committees or members that are without Board authorization if, in the Executive Team's opinion, a significant amount of staff time or funds is required or if fulfilling the request is disruptive.

BETL #2: ACCOUNTABILITY OF THE EXECUTIVE TEAM

The Executive Team is the Board's only link to operational achievement and conduct, so that all authority and accountability of volunteer and paid staff (including consultants), is considered the authority and the accountability of the Executive Team.

Accordingly:

1. The Board will never give instructions to persons who report directly or indirectly to the Executive Team.
2. The Board will refrain from evaluating, either formally or informally, any staff other than the Executive Team.
3. The Board will view Executive Team performance as identical to organizational performance, so that organizational accomplishment of performance objectives that support Board stated Ends and avoidance of Board proscribed means will be viewed as successful Executive Team performance.

BETL #3: DELEGATION TO THE EXECUTIVE TEAM

The Board's job is generally confined to establishing top-level policies, leaving implementation and subsidiary policy development to the Executive Team. Accordingly, the Board will instruct the Executive Team through written policies that prescribe the organizational Ends to be achieved and proscribe Means to be avoided, allowing the Executive Team to use any reasonable interpretation of these policies.

Accordingly:

1. The Board will develop policies instructing the Executive Team to achieve certain results, for certain recipients, within a specified budget. These policies will be

- developed systematically from the broadest, most general level to more defined levels, and will be called *Ends Policies*.
2. The Board will develop policies that limit the latitude the Executive Team may exercise in choosing the organizational *Means*. These policies will be developed systematically from the broadest, most general level to more defined levels, and they will be called *Executive Limitations Policies*.
 3. As long as the Executive Team uses any reasonable interpretation of the Board's *Ends* and *Executive Limitations* policies, the Executive Team is authorized to establish all further policies, make all decisions, take all actions, establish all practices, and develop all activities. Should the Executive Team deem it necessary to violate Policy, it shall inform in advance the Board President or another Board member if the President is not available. Informing is simply to guarantee no violation is intentionally kept from the Board, not to request approval. Response from the Board President or individual Board members, either approving or disapproving, does not exempt the Executive Team from subsequent Board judgment of the action, nor does it impede any Executive Team decision.
 4. The Board may change the *Ends* and *Executive Limitations* policies, thereby shifting the boundary between Board and Executive Team domains. By doing so, the Board changes the latitude of choice given to the Executive Team. But as long as any particular delegation is in place, the Board will respect and support the Executive Team's choices.

BETL #4: MONITORING EXECUTIVE TEAM PERFORMANCE

Systematic and rigorous monitoring of the Executive Team job performance will be solely against the defined annual performance objectives: organizational accomplishment of Board policies on Ends and organizational operation within the boundaries established in Board policies on Executive Limitations.

Accordingly:

1. Monitoring is simply to determine the degree to which performance objectives and Board policies are being met. Data that do not do this will not be considered to be monitoring data.
2. The Board will acquire monitoring data by one or more of three methods:
 - a. By internal report, in which the Executive Team discloses compliance information to the Board
 - b. By external report, in which an external, disinterested third party selected by the Board assesses compliance with Board policies
 - c. By direct Board inspection, in which a designated member or members of the Board assess compliance with the appropriate policy criteria.
3. In every case, the standard for compliance shall be any reasonable Executive Team interpretation of the Board policy being monitored.
4. All policies that instruct the Executive Team will be monitored at a frequency and by a method chosen by the Board. The Board can monitor any policy at any time by any method, but will ordinarily depend on a routine schedule.
5. The Board will summarize and review monitoring results annually to evaluate Executive Team performance. A review of the terms of the Senior Minister's contract shall be completed annually.

BETL #5: MINISTERIAL COMPENSATION

The Board is responsible for establishing the compensation of the called ministers of the First Unitarian Church of Wilmington, Delaware. This includes approving the initial compensation package in the ministerial agreement, reviewing the status of compensation on a regular basis, and adjusting compensation.

Accordingly,

1. Ministerial compensation consists of salary, housing, and other benefits. Professional expenses are not part of compensation but as a cost of doing business are included in the total cost of ministry.
2. The Board establishes salary and housing ranges annually in March using the UUA guidance as a base. The intent is to compensate ministers within a pre-established salary and housing range, taking into account relevant experience and performance. The salary and housing ranges include an adjustment for cost of living.
3. The Board establishes benefits using UUA guidance for ministerial compensation.
4. Any proposed changes will commence with the following fiscal year start and depend on financial conditions and final performance evaluation at church fiscal year end. Changes for ordained ministers are in two separate categories:
 - a. An adjustment for cost of living will be made based on the adjustment included in the salary and housing ranges, depending upon current financial conditions

- b. A merit increase is appropriate every two to three years, depending upon current financial conditions and performance. The board will
 - 1. Compile the results of a called minister's performance evaluation for the time period since the last merit increase and use these along with the salary and housing ranges to assist in determining such merit increase. Evaluation is based on monitoring results, congregational input, ministerial agreements and Sr. Minister input for all other called ministers in two areas:
 - i. Accomplishment of organizational ends as stated in board policies.
 - ii. Organization operation within the boundaries of prudence and ethics established in board policies on executive team limitations.
 - 2. Determine a merit increase in compensation for increased skill and growth based on the evaluation results depending upon current financial conditions.
 - 3. Proposed changes in called Minister salaries will be included as a raise pool in the final budget presented to the congregation for vote at the Annual Meeting, and distributed at the beginning of the church fiscal year based on final confirmation of performance evaluations and financial conditions.
- 5. Salary and benefit changes will be maintained in the minister's personnel file, accessible by the Board.
- 6. The board will review ordained ministerial agreements at least every three to five years.
