Highlights

- Develop resilience as lay leaders and communities.
- Create meaningful Sunday worship week after week.
- Explore possibilities of successful event planning.
- Explore the way we welcome visitors, why they visit, and how to get them to stay around
- Embrace who we are and challenge who we think we are.

Opportunities will be provided for networking and exchange of ideas where participants build their church community using their own expertise and that of others. This event will offer a chance to meet other UU's with common interests and concerns throughout the region and possibly lay the ground work for more collaboration.

Lunch provided. All are welcome. **Registration:** For planning purposes, please register at <https://uua.wufoo.com/forms/z1dzauru10xwess/> by October 15. \$20 registration fee requested (waivers available). Walk-ins welcome.
