

Targeted Advocacy for HB140
House of Representatives

Please consider reaching out to the NCC lawmakers listed below. We are targeting them because they have not decided whether they will support HB140. We really need “YES” votes from this targeted list to get the bill to pass.

If your legislator is not listed below, that means s/he either strongly supports or strongly opposes HB140. So – you may want to thank her/him or – you may want to have a candid conversation about the importance of compassion in human relationships and acceptance of one another.
